Higher Loan Limit For Farms Asked

E. F. Henderson has returned from a trip to Edgewater Park, Miss., where he attended a meeting of the stockholders of the Federal Land Bank of New Orleans.

Mr. Henderson, a director of the Federal Land Bank Association of Enterprise, said that the stockholders representing associations in Alabama, Louisiana and Mississippi unanimously adopted a resolution asking that the bank's loan limit be increased from 85 to 75 per cent of the normal agricultural value. It was the feeling of the group that with the higher investment required of farmers this increase is necessary to serve adequately the needs of agriculture.

John L. Ryan, president of the bank, reported on its operations for the last fiscal year. Ryan said that there had been a steady increase in the bank's loan account and that the \$155 million now outstanding was a record high. According to Ryan this reflects the greater investment required of farmers raising

Higher Loan Limit For Farms Asked

E. F. Henderson has returned from a trip to Edgewater Park, Miss., where he attended a meeting of the stockholders of the Federal Land Bank of New Orleans.

Mr. Henderson, a director of the Federal Land Bank Association of Enterprise, said that the stockholders representing associations in Alabama, Louisiana and Mississippi unanimously adopted a resolution asking that the bank's loan limit be increased from 85 to 75 per cent of the normal agricultural value. It was the feeling of the group that with the higher investment required of farmers this increase is necessary to serve adequately the needs of agriculture.

John L. Ryan, president of the bank, reported on its operations for the last fiscal year. Ryan said that there had been a steady increase in the bank's loan account and that the \$155 million now outstanding was a record high. According to Ryan this reflects the greater investment required of farmers raising

The Thrifty HOUSEWIFE KNOWS SHE PROFITS FROM ADVERTISING!

She Has Found From Experience that she fares Better When She Buys From Those Stores Which Advertise Regularly in Newspapers!

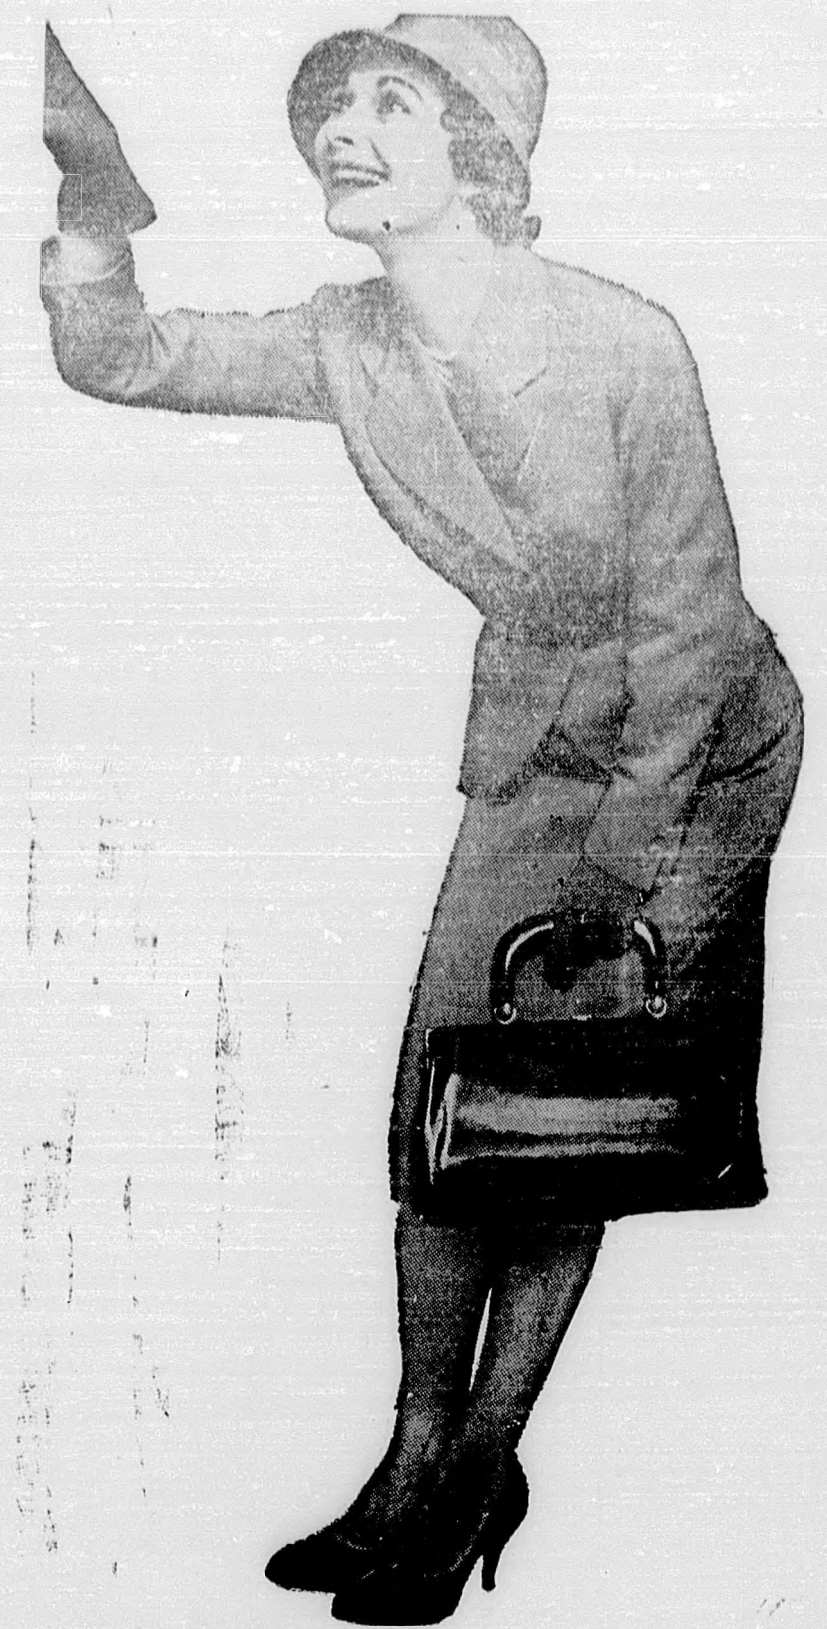

The Wise MERCHANT KNOWS HE PROFITS FROM ADVERTISING!

No business has to advertise. An experienced ad man is the first to disagree with the oft-repeated statement that 'You have to advertise.' Because you don't. But the most successful merchants are those who advertise. Because they want to let their customers know about their latest values and they have no fear to let their competitors know the same as their customers.

There are definite rules how to use it and the first rule is to budget the advertising the same as to budget the rent, payroll, gas, lights and water. Regular advertising is the keynote. No longer is advertising for clearance sales only. Customers want to know about regular price line merchandise too.

And there must be some reason why there is more advertising done in newspapers than in any other media. In fact, there is as much advertising done in newspapers as in the next highest three media combined.

All advertising is good, some better than others!

WE WELCOME PRESCRIPTIONS REQUIRING COMPOUNDING

Most prescriptions are now pre-compounded and our problems are chiefly to have them in stock, check their dosage and make certain we dispense exactly what is prescribed.

But many physicians still prescribe their own specific formulas and pharmaceutical skill is required to prepare such lotions, ointments, capsules, pills, suppositories, etc.

We will appreciate the opportunity of compounding these more difficult prescriptions that require more time and technical ability.

To be elected are three regu-

lar members and two alter-

nates. The chairman and vice

chairman of the elected ASC community committee will also serve as delegate and alternate, respectively, to the county convention where the county ASC committee will be chosen. The county convention will be held on September 15, 1961, at 9:30 a.m. at the county ASC office in New Brooklyn.

Questions on eligibility to vote and to hold office will be determined by the county committee, subject to appeal to the State Committee. Generally, an eligible voter must be a bona fide farmer or farm owner who is taking part in one or more

of the programs administered by the ASC committee.

Tolstoy said: "Without the Bible the education of the child in the present state of society is impossible."

Mingle some brief folly with your wisdom.

Speak properly and in as few words as you can, but always plainly; for the end of the speech is not ostentation but to be understood.
